## CRYSTALLINE RARE-EARTH-DOPED SESQUIOXIDE PLD-FILMS ON ALPHA-ALUMINIA

Cuvillier Verlag Jul 2004, 2004. Taschenbuch. Book Condition: Neu. 208x146x4 mm. Neuware - The development of integrated optical devices demands the fabrication of high-quality optically active thin films. This work focuses on thin sesquioxide films, which are promising because the sesquioxides are well-known hosts for rare-earth-ions, leading to luminescent materials and solid-state lasers with superior mechanical and thermal properties (e. g. low phonon energies, large thermal conductivity). Optical quality crystalline thin films of rare-earth-doped sesquioxides (yttria, lutetia, and scandia) have been...

## Reviews

*Absolutely one of the better pdf We have possibly study. I could comprehended almost everything out of this written e ebook. You can expect to like how the writer write this ebook.*

-- **Grayce Kshlerin**

*A very great pdf with perfect and lucid information. I am quite late in start reading this one, but better then never. Its been developed in an extremely basic way in fact it is simply soon after i finished reading this pdf in which really altered me, alter the way i really believe.*

-- **Pascale Weissnat**

*An exceptional ebook and also the typeface applied was intriguing to read through. I have got read and i also am sure that i am going to likely to go through yet again once more in the foreseeable future. I discovered this pdf from my dad and i advised this ebook to find out.*
