Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Trading on the stock market may seem like a dream job; in fact it can be a highly stressful experience; especially if you are not prepared for it. However, there are strategies which can be learnt and techniques which will help you to become a highly successfully and profitable trader. It is vitally important to develop an understanding of the stock market and to understand both the terminology and the different types of trading which are possible. Day trading is one style of investing; it is often incorporated as part of a much larger investment portfolio, but, adopting this approach may mean that you do not have enough time to maximise the potential of day trading. In the past, day trading was seen as an attempt at a get rich quick scheme, it was not fully understood and was badly regulated. Thankfully, it is now a recognised and well established way of trading in the stock markets and can create a comfortable standard of living. Anyone can start day trading, providing they are prepared to dedicate enough time to researching and understanding the market, before they make their first trade. Day trading can be accomplished from the comfort of your own home; you simply need a computer with a good internet connection. This book will provide you with a good basic knowledge of the stock market and its terminology and allow you to start trading; there is surprisingly little to set up! You will understand what day trading is and how it came into existence. You will discover how to get started in day trading and how you can successfully make regular profits. The book...
