Progressive Furnace Heating: A Practical Manual of Designing, Estimating and Installing Modern Systems for Heating and Ventilating Buildings with Warm Air (Classic Reprint)

By Alfred G King

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Progressive Furnace Heating: A Practical Manual of Designing, Estimating and Installing Modern Systems for Heating and Ventilating Buildings With Warm Air A large part of the following text is compiled from a series of articles written for Sheet Metal. To this text new material has been added, and the original work has been edited, revised and extended to make the book a useful, practical and instructive treatise on the subject of furnace heating. Few of those at present engaged in the installation of the warm air furnace realize the possibilities of warm air heating. The trouble has been with the many furnace dealers who have failed to be honest with themselves. Instead of adopting and following the motto onward and upward and working to uplift and develop the science of warm air heating (for it is a science) their rule seemingly has been downward and cheapward, if the use of such an expression is permissible. They have thus done much to discredit this method of heating with the house owner and even with physicians and...
