Balboa Press, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is targeted to the millions who work with energy and the chakras, and it aims at giving you a scientific explanation to that ancient knowledge passed on to our generation throughout the centuries by the Masters. I, in fact, make a comparison with the discoveries of a scientist and nuclear physicist named Massimo Corbucci and the ancient knowledge that we use every day. I found it amazing to discover that the atom is made of seven colors, exactly the same as the chakras and in the same order as the chakras! The scientific explanations given about past lives, symbols, the power of thought, and being able to move in time and space are extraordinary. It continues with A Spiritual Path starting in Sae Baba s Ashram in India and follows with extraordinary experiences on the Himalayas with His Holiness, the Dalai Lama, for the Kalachakra ceremony. Regressions in three past lives are described as well as those past lives seen by psychics. A large section is dedicated to my direct regressions into past lives, three directly experienced, and others viewed or seen by different psychics. It continues with The vibrations of prayers and The Mystery of the Senegalese Brooch and some very recent experiences with the Entities.
